CH-QUAT Annual Meeting 2018

Natural Hazards

Saturday 17.03.2018, 08:30 - 16:00

Institute of Geological Sciences

Baltzerstrasse 3, CH-3012 Bern

The theme of this meeting is the Natural Hazards with a special focus on the sedimentary archives, the reconstruction of their chronology and on their consequences on environment and societies. The goal is to provide an update on the ongoing research on these archives. Therefore, we allocated time for the talks to the invited speakers. In addition to the invited talks, we are calling for contributions, especially from students (BSc/MSc/PhD) and young scientists, to present their ongoing research in the **poster session**. Contributions can be in English, German, French or Italian.

Program

- 08:30 - 09:00** **Registration**
- 09:00 - 09:15** **Welcome**
- 09:15 - 09:45** **Philip Déline (Université Savoie Mont Blanc):**
Rock avalanches on the SE side of the Mont Blanc massif during the Holocene
- 09:45 - 10:15** **Katrina Kremer (ETH Zurich):**
Sediments as archives of earthquakes and tsunamis
- 10:15 - 11:00** **Poster Session with coffee break**
- 11:00 - 11:30** **Juan Antonio Ballesteros Canovas (Uni Geneva):**
to be announced
- 11:30 - 12:00** **Regula Gesemann (Uni Bern):**
How scientists infect citizen with their fascination for Geology
- 12:00 - 13:00** **Lunch & Poster Session**
- 13:00 - 14:30** **General Assembly**
- 14:30 - 15:00** **Philip Rentzel (Uni Basel):**
Natural Hazards and Geoarchaeology
- 15:00 - 15:30** **Poster Session with coffee break**
- 15:30 - 16:00** **Jean Nicolas Haas (University of Innsbruck):**
Holocene Snow Avalanches
- 16:00 - 16:15** **Open discussion and closing**

Registration Fee (cash payment on site, buffet and lunch included):

CH-QUAT members: Non- Members:
Regular member: 40.- CHF Regular: 100.-CHF
Student member: 20.-CHF Student: 50.-CHF

Title submission deadline: 28.02.2018. For poster presentations please provide the title and the author line.

Registration: online at ch-quat.ch or email to akcar@geo.unibe.ch
